#### **RESOLUTION 2022 – 002**

A RESOLUTION OF THE KEY LARGO FIRE & EMERGENCY MEDICAL SERVICES DISTRICT BOARD OF COMMISSIONERS, CONFIRMING THE OFFICIAL POSITION OF THE DISTRICT BOARD ON THE DISTRICT'S NOVEMBER 2022 MILLAGE REFERENDUM, CONFIRMING OFFICIAL MESSAGING OF THE DISTRICT, PROVIDING FOR SEVERABILITY AND PROVIDING FOR AN EFFECTIVE DATE

**WHEREAS**, the Key Largo Fire & Emergency Medical Services District (the "District") is legislatively charged with the provision of fire protection and firefighting services, rescue services and emergency medical services to the residents of Key Largo, Florida; and

**WHEREAS**, the District is organized and holds all legal powers set forth by Chapters 189, 191, and 2005-329, Florida Statutes, including but not limited to the annual levy of ad valorem taxes; and

**WHEREAS**, the District's enabling legislation, Chapter 2005-329, Florida Statutes, provides the District with authority to levy ad valorem taxes in an amount not to exceed one (1) mill by annual resolution of the Board; and

**WHEREAS**, the District's enabling legislation provides that the District may levy ad valorem taxes in an amount above one (1) mill if such increase is approved by the majority of voters voting in a referendum election; and

**WHEREAS**, on or about February 28, 2022, the District Board approved Resolution 2022-001, authorizing placement of a referendum before the voters of Key Largo at the November 2022 election seeking approval of revised maximum millage rate of 2.00 mills; and

**WHEREAS**, the District Board wishes to confirm its official position on said referendum to allow individual Commissioners to communicate to the public the importance of voting on this referendum in the upcoming election; and

**WHEREAS**, District Resolution 2018-007 ('Board Unity Policy') allowing individual Commissioners to act in the name of the Board when such action has been authorized by specific official instructions of the Board approved by a majority of voting members; and

**WHEREAS**, the District Board intends that this Resolution provide specific official instructions confirming the Board's position on the upcoming millage referendum;

NOW THEREFORE BE IT RESOLVED BY THE KEY LARGO FIRE & EMERGENCY MEDICAL SERVICES DISTRICT BOARD OF COMMISSIONERS, AS FOLLOWS:

#### 1. Effective Date

This Resolution shall become effective immediately upon the adoption by the District Board.

#### 2. Exemption from District Resolution 2018-007 (Board Unity Policy)

Adoption of this Resolution shall constitute approval by the District Board for individual Commissioners to represent to the public that certain statements concerning the November 2022 millage referendum, as specified herein, are the formal position of the District Board as a whole. Commissioners who represent that any statement approved by this Resolution is attributable to the Board as a whole shall not be found in violation of the Board Unity Policy.

#### 3. District Position on Millage Referendum:

Upon adoption of this Resolution, the District Board authorizes individual Commissioners to represent to the public that the District Board seeks voter approval of a referendum on November 8, 2022, seeking to increase the maximum millage rate of the Key Largo Fire & Emergency Medical Services District from 1.00 mills to 2.00 mills. The District Board hereby adopts the following statements as its official position on the November 2022 millage referendum:

- The District has operated successfully on a budget built upon a millage rate of less than 1.00 mills since it was first founded in 2005. The District Board pledges to continue this policy and practice of fiscal responsibility if the referendum is approved.
- Since the District was founded in 2005, the District has operated primarily with a volunteer-based staffing system. Unfortunately, the amount of full-time residents in Key Largo has increased dramatically since then, while the amount of affordable housing is dwindling. This change in community makeup has increased the cost of labor, and increased local demand for capital infrastructure, such as District fire stations

A few years later KLVAC became the first Volunteer EMS service in the state to be granted an ALS license, thanks to theard work of Doris Kemp and her colleagues. In 1974 the Corps. moved into their new EMS station located at the 98r6m. This building was built by volunteers and members of the community with money from donations.

1991 KLVAC became a hybrid system with a few paid paramedics& mostly volunteer EMT's/First responders. New crew quarters and ambulance garage were built on the north end of the station (with money from patient transfer billing & donations from the community) in 2004.

The Key Largo Fire Rescue & Emergency Medical Services District was established on June 8, 2005 when Governor Bush approved Florida Statute 2005-329 that created the 68th Special Taxing District in the State of Florida.

Today Key Largo Vol. Ambulance Corps is an ALS service with 4 Rescue trucks, 2 of which run 24/7. Current membership is approximately 35 - 40 personnel including Paramedics and EMT's.

**ALS - 948** 

**BLS - 252** 

2021 Total Calls - 1892

## **Services**

### **Public Assist**

In addition to the regular calls, Key Largo EMS responded to an additional 272 calls that consisted of stand by and public assistance, Public assists" are calls for service where the department helps people that are not in need of medical help; they need assistance into their home, down their stairs or to be picked up from the floor after a slip or fall.

## **Training/Education**

KLVAC is a satellite campus for FKCC and EEII, training First Responders, EMTs, and Paramedics. CPR and first aid are also taught to the community.

The department has a Narcan program that provides a free kit to the citizens of Key Largo. These free kits allow members of the public to give opiod overdose victims medication to help reverse their opioid overdose in an emergency situation.

## **Challenges**

- With the COVID-19 pandemic we all faced unfamiliar challenges nationwide. As we all transitioned to comply with CDC guidelines extra precautions and PPE was provided to protect our members.
- With serving 11,500 to 12,447 people depending on time of the year based on Census there is a large increase of seasonal population during the winter months.
- Maintaining the right personnel in the best positions to help our department grow and move forward to be one of the top departments is a goal for members.

Key Largo EMS joined MCSO for a community clean up at Tradewinds Plaza.

## **Equipment**

• In 2021 we continued with the progress of becoming paperless. Ipads were added to the trucks in order to document and upload electronic patient reports to receiving facilities. This improves communication between the field and hospital personnel.

## **Achievements**

- Key Largo EMS & Key Largo Fire Department participated in a Boot Drive to raise money for the Kentucky Tornado Disaster. Together a total of \$9,000 were raised for the victims.
- New patient reporting program (ESO) allows field reports to be done live on scene, completed and transferred over to receiving facilities and billing department.

## **Future of Department**

- Our community is our first priority. We are striving to roll out a community outreach program where we can help inform the public on how to identify critical emergencies and what they can do to help before emergency personnel arrive. When seconds count, working together and staying informed matters most.
- For a good part of 2021 KLEMS has been working with KLVFD and the Key Largo Fire and EMS District to update a unified 5-year strategic plan. Adding a third rescue truck is an integral part of that planning process along with increasing and retaining staffing. The third rescue truck will enhance services to the community by reducing response times.
- After updating our medical protocols, our next goal is to see where we can improve our SOPs. This will help our organization to pave the way for the future, which ultimately helps us provide excellent patient care and improve community involvement. We hope to obtain more grants to help move this organization forward. Having State-of-the-Art equipment, vehicles and high quality personnel; Key Largo EMS is setting its sights higher for years to come.
- Through teamwork comes success. Working together with the Key Largo Fire and EMS District and the Key Largo Volunteer Fire Department, we are dedicated to make Key Largo a safer place for the citizens and visitors to work and enjoy.
